It is without and within all beings. It is unmoving and also moving. It is incomprehensible because It is subtle. It is far away, and yet It is near. It is indivisible, and yet It is, as it were, divided among beings. That Knowable Brahman is the Sustainer of all beings, and also their Devourer and Generator. The Light even of lights, It is said to be beyond darkness. As knowledge, the object of knowledge, and the goal of knowledge, It is set firm in the hearts of all.
